

EWA 5-Step Sourcing Methodology to successfully identify and qualify Mexican suppliers

- Step 1: Identify and qualify Mexican suppliers who meet the required product specifications, volume requirements and capacity availability
- Step 2: Provide RFQs and obtain formal quotes from selected Mexican suppliers
- Step 3: Conduct operational due diligence and supplier audits on the selected suppliers
- Step 4: Conduct Background Checks on qualified suppliers and key executives
- Step 5: Manage the company's transition and annual sourcing to the selected Mexican suppliers
